

What's it all about?

Retreats provide a unique time for students to connect with one another, with SWITCH leaders, and with God. We want to have spaces to have fun, be silly, talk, and learn more about God.

We have a separate Junior High (6-8th grade) and a Senior High (9-12th grade) retreat so that students get chances to connect more intentionally with peers closer to their own age than usually happens at SWITCH and other events. Retreats also provide a chance to see students from other churches in the area who may go to their school as well.

WINTERXTREME

winterXtreme is Camp Timber-lee's winter retreat for youth groups. Weekends are set up with the goal of taking care of every detail so that youth leaders can maximize their time with students. They cover the details of food, a speaker, the worship band, community-building activities and staff. We bring students to play, eat, sleep, have great discussions! winterXtreme allows you to strengthen the relationships in your group and see lives develop and grow.

Theme for the weekend is Vision

Worship band is Arbor.Vitae
